Hassle-free houses

For clients of Sam and Dan Edington, time consuming and frustrating home-hunting is a thing of the past. **Edington's Property Search** acts for the buyer and monitors the market, creating a property shortlist to the client's brief. Dream home identified, they begin negotiations, taking their fee as a percentage of any saving made. And they don't stop there. Counting on a team of experts from interior designers to solicitors they even offer to organise your parking permit. So you can relax with a glass of wine and celebrate the move before even moving in. **Edingtons**, 020 8875 1022, info@edingtons.co.uk, www.edingtons.co.uk
